

This letter will be send to each driver from which we received an email address.

De Model Auto Club Heemstede welcomes all participants that will come to Heemstede for the EFRA 200mm IC European Championship.

For those that are coming by camper or with caravan/tent please do not forget to make a reservation for a place, (secretaris@mach.nl). If the weather permits we will have a camping place rear of the drivers stand with electricity and a toilet/douche facility.

The fee at the camping is € 15,- Euros per night for each camper or caravan.

Payment has to be done at arrival and each participant must first see the MACH people (Hans Verbrugge) before you put your caravan or camper on the camping side. Please make sure that you bring your waste and/or empty boxes every day to the waste containers.

Drivers must make their registration first before they start practicing. Without your drivers badge it is not allowed to practice. During the whole race we ask you to wear the badge you receive, the same applies to your mechanic.

The preliminary time schedule is as follows:

Monday till Wednesday controlled practice.

Thursday, technical inspection and times practice.

Thursday evening, opening ceremony and concours d'élégance, followed by a BBQ in cart centre "Silverstone"

Friday 3 rounds of qualifying.

Saturday, 1 round of qualifying and lower finals.

Sunday, all finals from 1/32 till main final.

Since we expect to host 150 drivers it is important that everybody uses his numbered pit space. This is extremely important otherwise it will be a mess in the paddock, since 150 drivers is the limit on space we have.

All participants also will receive a parking permit to put your car near the track. Please put this permit behind you front windscreen.

For hotel information see also:
